Paths to Recovery AFG will be a meeting for all that would like to find out if Al-Anon is for them. It will be following a six week introductory format where new members can find the beginning to their path to recovery. The six week format will be an introduction to the first three steps, allowing the focus to shift from the alcoholic to personal recovery.

The new group will start on Thursday, January 5, 2017. The six week format will run continuously, however, you do not need to wait for it to start again, you may start at any time.
